

# Pasadena Independent School District

Debbie Barrett  
Executive Director  
Special Education

September 1, 2017

Julie Reed  
Director  
Special Education

Dear Parent:

Bobbye McCain, Ed. D  
Director  
Special Education

Your student will be affected by the State's Student Success Initiative requirements this year. This legislation requires students to pass their Reading and Mathematics State Assessment to be promoted to the next grade level. This requirement includes up to two retests in order to give each student the opportunity to pass.

Students, who receive special education services and who fail to meet standards on the Reading or Mathematics assessment, will have an ARD Committee meeting conducted on their behalf prior to the second test administration. At this ARD, three options will be decided upon:

1. Will the student be required to take another test administration?
2. If the student will have subsequent retests waived, will the student be promoted based on the academic progress demonstrated in their Individual Education Plan or retained at their current grade level?
3. How will the student participate in an Accelerated Instruction Program in the subject area(s) in which state standards were not met?

We hope that this will clarify the options available and help you prepare for important decisions that may need to be addressed as your child continues to pursue academic excellence. We are excited to work with you to ensure your child's needs are met as we continue to have high expectations for all students in our district.

If you have any questions, please contact Bobbye McCain at [bmccain@pasadenaisd.org](mailto:bmccain@pasadenaisd.org) 713-740-0229.

Sincerely,

*Bobbye McCain*
