

Statement of Automobile Liability Coverage

Pasadena Independent School District

I understand that district employees may be asked to or may choose to use their personal vehicles on school or district-related business. School Board Policy DBA (Local) requires that all employees who operate a motor vehicle not owned or leased by the district in the scope and course of their employment with the district shall have his or her vehicle covered by automobile liability insurance of at least the minimum amounts required by the state under Article 670 of the Texas Civil Statutes, entitled "Safety Responsibility Law."

I have the minimum liability insurance coverage required by state law and district policy as outlined below:

1. Bodily Injury Liability limits of \$25,000 each person
2. Bodily Injury Liability limits of \$50,000 each accident
3. Property Damage Liability limits of \$25,000 each accident

Furthermore, I plan on maintaining liability insurance coverage for the duration of current school year. I will notify the Pasadena Independent School District in writing of any change in coverage within 30 days of the change.
